

COLLECTING URINE FOR A CYTOLOGY TEST

The test is carried out on samples taken on three separate days.

The patient needs to:

- Discard the first morning urine.
- Wash external genitals carefully. If the patient is a woman, please do not collect urine during menstruation.
- Urinate briefly into the toilet and stop the flow. Then urinate into the screw-top jar (available from the pharmacy).
- Close the jar **well**, write your SURNAME AND NAME and indicate the day the sample was collected with a 1, 2 or 3.
- ***Patient registration will take place on delivery of the first sample. On the following two days the sample is just delivered.***

Deliver the sample to the Payment/Registration Service (Servizio Cassa/Accettazione) in Via Jommelli 2 (from Monday to Friday between 7.15 and 10.00 am and on Saturdays from 7.15 to 9.00 am). The patient should bring:

- *The request from his/her doctor.*
- *Personal identity documents (health service card, ID card and exemption cards, if applicable).*
- *The urine collected for the cytology test.*

⇒ *Deliver the container to the Test Centre (Centro Prelievi) on the 1st floor of Via Jommelli 2.*
