

INFORMATION FOR THE PATIENT

## URINE COLLECTION FOR THE “MTC” [MALIGNANT TUMOUR CELL] TEST

The test is performed on three samples on three different days.

In the case of female patients, collection during the menstrual period is not recommended.

Please observe the following procedure:

- discard the first morning urine;
- wash the external genitals thoroughly;
- urinate into the screw-cap container (available at a pharmacy), discarding the first urine portion;
- close the container **tightly**, mark it with SURNAME AND NAME and write 1, 2 and 3 to indicate the different days of collection.

**Acceptance will be recorded upon delivery of the first sample. Only the sample will be delivered in the following two days.**

*Deliver the sample to the Cashier's/Admissions Desk with the following items:*

- *the referring doctor's prescription;*
- *personal identification documents (health card, identity card, any exemption cards);*
- *the urine sample collected for the “MTC” [malignant tumour cell] test;*

*Deliver the container to the Sample Collection Centre.*
